

The Pillars Of Business Success

The **Cambridge Christian Professionals Network** has invited Ken Dickson, Founder of **Axiom-e Limited**, the strategic financial management consultancy, to run a three-part version of his internationally acclaimed course **The Pillars of Business Success**.

Run at the **Future Business Centre, Cambridge** from 17:00 to 21:00 on Friday and 09:00 to 17:00 on Saturday it will cover:

- 27-28 April - **Part 1: Laying the Foundations**
- 18-19 May - **Part 2: Erecting the Pillars**
- 08-09 June - **Part 3: Managing Growth**

A limited number of tickets covering the whole course are now available at the “early bird” price of just **£450 + VAT until the end of Wednesday 4th April 2018**.

TPOBS seeks to emphasise biblical values as the foundation for sustainable businesses that impact communities and countries for good.

The practical and interactive course covers the essential skills necessary for running a successful organisation with social impact and will benefit anyone:

- thinking of starting a business
- developing an early-stage organisation
- employed in mature businesses who want a broader view of how their role fits in.

A major aim of **The Pillars Of Business Success** is to help participants consider:

- why they want to run a business
- what skills they have and which ones they need to develop
- what success looks like
- how they will be able to benefit their family, community and country.

Developed originally for [Zambia 2050](#), parts of the course have been taught in Dubai, Nigeria and UK.

Part of any surplus from the course will be used to subsidise future courses in Zambia, Nigeria and other countries so that, through bursaries, deserving entrepreneurs will be able to attend irrespective of their economic circumstances.

The Pillars of Business Success Course in Zambia led to an attendee securing funding for his social enterprise: bee keeping in rural Zambia to help generate funds to enhance local schooling.
